RE: Administrative Report

DATE: 8/29/2018

1. **Back 2 School Days-** 98 percent of our parents and children attended our open house on August 21-22. Parents and students were able to meet individually with all of their teachers along with being able to take care of school pictures, lunch accounts, etc.
2. **First Day of School-** SDSU provided the Camelot backdrop of trumpeting in the new year while teachers honored their loyal subjects with flags and salutes. Students listened and digested the Code of Honor and met their classmates.

3. **MAP Testing-** Students completed MAP(NWEA) testing this week. This assessment is one indicator of student progress. It will be used to chart growth and meet our building goals in reading, language arts and math.
4. **SOP's** – Students and staff have begun new SOP's(Standard Operating Procedures) for lunch, hallways and recess and we are refining them each day to assist in structure and operation. In addition, teachers are creating a consistent sub plan folder for seamless safety and instruction.
5. **Restorative Practices** – To assist in Social Emotional Learning and reinforce the Boys' Town, ACES, Habits of the Mind programs – our staff will begin using Affective Statements found in Restorative Practice as a consistent method of building relationships.
6. **THANK YOU** – **To the Middle School Staff for stepping up and helping us in so many ways the first week of school!! They were terrific!!! Camelot appreciates Mickelson!!!**
