

Screening K12 Students/Staff for Symptoms of COVID-19

Students or Staff: Please complete this short check each morning before leaving for school. Students or staff who are sick should not attend school in-person.

Please check for the following Symptoms:

- Temperature 100.4 degrees Fahrenheit or higher
- Sore throat
- New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
- Diarrhea, vomiting, or abdominal pain
- New onset of severe headache, especially with a fever

Please also check for any Exposure:

- Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person infected with COVID-19*, or
- Live in or traveled to a county where the SD-DOH is reporting **substantial spread** of COVID-19 cases
 - Visit the SD-DOH website at: <https://doh.sd.gov/news/Coronavirus.aspx#SD>
 - Check the level of community spread in the county where you live or plan to travel:
 - Use your cursor to hover over the county, or
 - Click on *Tables* to see the county list

ORANGE Symptom

Alone = Exclusion for COVID-19 not necessary. Follow existing school policy.

BLUE Exposure* + ORANGE Symptom =

- Any individual with both symptom(s) AND exposure should contact their medical provider to discuss testing.
- Exclude individual while awaiting test result.
- If untested, exclude until 10 days after symptom onset AND 24 hours without fever AND 24 hours after symptoms improved.
- When exclusion occurs due to living in or traveling to a county with substantial spread: a student or staff may return to school with a medical doctor's note if symptom(s) are due to an illness other than COVID-19.

*Close Contacts that become symptomatic must still meet the 14-day quarantine period and cannot be released early with testing or note from a medical provider.
